

Pedometer Project LEAF Grant

Students will be identified for inclusion into the Pedometer Project (a LEAF Grant program) based on their unsatisfactory performance scores on the California FitnessGram test given to 9th Grade students in the early Spring of each year. Physical Education teachers will send a list of names to the Nurse/Wellness Program and program coordinator (currently Michael Prutz) to establish those participants as well as completing items 1-7 listed in “Protocol for Student Identification” page.

Once in the pedom
